The AI Revolution in Language Learning

At Colorado State University Pueblo, Dr. Alegría Ribadeneira is leading language learning through artificial intelligence. As Distinguished Professor, Department Chair, Director of World Languages, and Open Educational Resources (OER) Faculty Lead, she's transforming how students learn languages by embracing AI rather than restricting it.

The CSU Pueblo Office of Alumni Relations has partnered with PCI (also known as Publishing Concepts) to produce our new alumni directory. Based in Dallas, PCI publishes directories for educational institutions, fraternities, sororities and military organizations across the nation. This project allows the Alumni Association to receive important updates to our database so we know more about our alumni and how we can better serve you and future alumni.

All updates are returned to CSU Pueblo, so that our database remains current. PCI is only collecting information for purposes of the directory. It is a great way to stay connected to the CSU Pueblo alumni community!

Using the newly collected information, PCI will produce a hardcover publication that is available for purchase. The published directory will allow you to reconnect with old classmates. Electronic editions will also be available. Everyone will be offered the option of purchasing the CSU Pueblo Alumni Directory, but **no one is under any obligation to purchase a copy in order to be included in the publication, the association/foundation sees \$0 from the purchase of these directories.**

I ordered a directory/package over the phone and would like to cancel my order. How do I do this? Contact PCI's customer service helpdesk at 1-800-982-1590 / PCIService@publishingconcepts.com and they will take care of this for you.

Please be assured that this directory project is coordinated with the CSU Pueblo Office of Alumni Relations. If you have any questions, please feel free to call our office at (719) 549-2858 or alumni@csupueblo.edu

"What Color Is Your Hand? ¿De Qué Color Es Tu Mano?" by Roni Capin Rivera-Ashford. Illustrated by Walter Thompson.

"Like the rainbow after a storm, the world needs every color to be beautiful and complete."

In this luminous, bilingual picture book, a wise grandmother who "thinks with her heart," tenderly helps her troubled grandson imagine a future without prejudice and bullying, one in which all people are cherished for their differences.

It's a beautifully-rendered and deeply-felt story that exudes warmth as it celebrates the important bond between a grandma and her mijo, a safe haven in a complicated world.
