IMAGINOLOGY

POWER YOUR IMAGINATION

— AT THE OC FAIRGROUNDS —

April 11-12

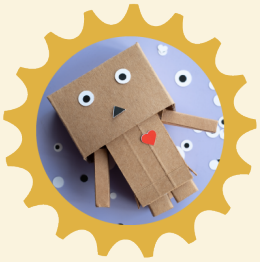

CALLING ALL ARTISTS

Each April, OC Fair & Event Center transforms into Imaginology, a free family event that focuses on STEAM education and hands on learning.

This year, there will be four competitions for students to enter. The competitions are open to all Southern California youth in grades TK through 12. Each student can enter one (1) project per division and is encouraged to incorporate science, technology, engineering, arts, and math-based ideas into their artwork.

Cardboard Engineering
