

Air Conditioning for all PSH HFH Participants

With California experiencing extreme heat, we wanted to ensure that our Flexible Housing Subsidy Pool (FHSP) Participants have access to air conditioning. Case Managers are encouraged to access funds through the Brilliant Corners (BC) General Assistance Request (GAR) process.

Who is Eligible?

- FHSP Participants
- For non-FHSP Participants, any client currently enrolled in Intensive Case Management Services, has a lease and is housed in Permanent Supportive Housing in a unit that does not currently have central air, a window air conditioner, or portable air conditioner.

How You Can Access Funds

- For FHSP Participants: Fill out the attached GAR Form and send it to the Participant's BC Housing Coordinator.
- For non-FHSP Participants: Please apply through the [FHSP Application Portal](#). If you do not have a BC Portal account, you can create one [here](#).

For any questions regarding eligibility, please contact TSS@dhs.lacounty.gov.
