LOTS TO CELEBRATE AT SDA SAN ANTONIO

By Laurie Breen, SDA

SDA San Antonio has a lot to celebrate! We are very proud of the achievements of our chapter and our members in this different and challenging year, so please join us in a round of applause as we take a moment to reflect on our accomplishments.

Happy 35th birthday, SDA San Antonio!

The San Antonio Chapter of SDA was organized 35 years ago in 1986 by a group of design administrators who wanted to engage with others in our professional field from around the city, and to provide educational programming among their peers. Thirty-five years later our chapter is going stronger than ever!

Winner of the National Best In Class - Membership Award

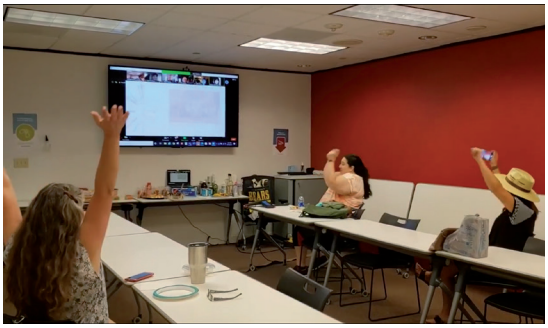

We are proud to announce that SDA San Antonio has been awarded the Best in Class - Membership Award at the National level, for our exemplary member retention and onboarding processes, as well as our efforts to maintain and grow our membership despite the pandemic.

Congrats to Andrea Munoz, CDFA our Star Award 2021 winner!

Each year one chapter member is nominated for the Star Award for their out-of-this-world contributions to our chapter. During her membership, Andrea has served on the Chapter Board (including as President) and has chaired many committees. Most recently, Andrea is responsible for creating our chapter website, built with the purpose of furthering the reach of our chapter. She is passionate about SDA and its mission, and continues to be an amazing resource for us.

Previous Chapter Star Award winners include Liliana Moreno, DBR, Inc. (2016), Loretta Rodriguez, Kimley-Horn (2019), and Belinda Sanchez, AIA San Antonio (2020).

A winning Chapter all around!

Prior to this year, SDA San Antonio was the winner of the 2017 Chapter Excellence Award, before the award itself was reimagined as the Best in Class - Membership and Best in Class - Program Awards. Continuing the winning streak, San Antonio won the 2020 Inaugural Best in Class - Program Award, and earned praise from the jurors for our half-day seminar on Employment Law Updates, our continued partnership with AIA San Antonio, and our tips and advice for other chapters looking to plan similar educational programs.
