**Doni Vaughn** has been diagnosed with Lyme Disease which has brought on paralysis in her limbs. She is unable to walk and the paralysis has progressed into her arms and hands. Doni is in a wheelchair & has not been able to return to work & is no longer receiving a salary. Her health insurance will expire soon as well.

Doni was a teacher at East Jordan Elementary school. She has 3 awesome kids who are active in the EJ community and schools, Jordan, Jayden & JJ. The kids all help out their mom by lifting and carrying her and giving her piggy back rides to help her get around. The kids are also trained to give her medicine through an IV daily. Let's rally around Doni and family during their time of need!

**GOAL:** \$12,000 to pay Doni's mortgage and insurance for one year so that she can afford medications, trial medications, medical equipment, a van with a lift and traveling to and from appointments.
