## **City of Boyne City Residential Rubbish Collection Program – 2020**

**Spring Date  
Saturday – May 23, 2020**

**Fall Date  
Saturday - September 19, 2020**

The City will hold a residential rubbish collection program on the above two dates **ONLY**. This service is for all 3 unit or less residential dwellings in the city. It is not for properties outside the city nor is it for commercial businesses.

This program is in addition to, not a replacement of, your existing residential household garbage collection. It is still your responsibility to properly dispose of your garbage separately.

<b><i>Accepted Items - (2 cubic yards maximum)</i></b>	<b><i>Non Accepted Items</i></b>

On the reverse side is a detailed list of materials that are accepted and excluded from collection under this program. Materials must originate from the residence, and not from elsewhere or from residents' contractor. Materials for collection must be placed within the curb-lawn areas of right of way - that is between curb and sidewalk; or just behind curb where there is no sidewalk; or at street shoulders where there is no curb.

The total volume of all items that may be placed out for collection per house each collection is limited to two cubic yards (think of filling an area the size of a regular pick-up truck bed). Please do not place materials out at the street for collection before 5 p.m. the day before your pick-up. **Pick-up will start at 7 a.m. sharp, so have any items out by then. If your items are not out by 7 a.m., there will not be an opportunity for a second pickup in your area.**
