Pick up is June 3rd from 9:00 a.m. to 12:00 noon behind the Boyne Ave. Greenhouse.

Planting directions are available at pickup.

Fire Light Hydrangea is easy to grow and blooms reliably. It has huge 12 to 16 in. blooms that are white in mid-summer and age to red. It has sturdy, strong stems and likes full to part sun and average water. It won't grow well in soggy soil. 1 gal. pot, \$26.00 ea. or 3 for \$75.00

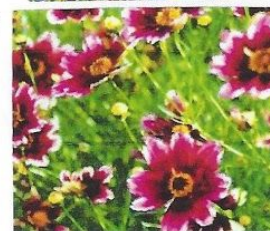

Twilight Zone Grass is a native grass. It is green in the spring, silver, Blue and mauve in the summer and has bright purple highlights in the fall. It is 2 ft. tall, full and upright. The seed stalks are 4 ft. high with silvery white seeds. It likes full sun, dry to average soil and needs cutting down in early spring. 1 qt. pot, \$14.00 ea. or 3 for \$39.00

Million Dollar Blue Delphinium has large spikes of semi-double to double, true blue flowers in the spring and again in late summer. It is 2 1/2 to 3 ft. tall with erect, sturdy stems. It likes full sun or part shade and the soil shouldn't dry out. 1 qt. pot, \$14.00 ea. or 3 for \$39.00

Berry Chiffon Coreopsis is a native cultivar. It has white flowers with a vibrant raspberry red eye. It blooms midsummer through early fall on delicate stems. The raspberry color spreads over most of the flower in cooler weather. It is 15 to 18 in. tall and wide, needs full sun and low to average water. 1 qt. pot, \$13.00 ea. or 3 for \$36.00

Lime Rickey Coral Bells (Heuchera) has ruffled leaves that emerge brilliant chartreuse in the spring and mature to lime green in the summer. It is 8 in. tall and 18 in. wide with small, white 16 to 18 in. tall flowers in May and June. It likes half sun/half shade or mostly shade with regular watering. 1 qt. pot, \$16.00 ea. or 3 for \$45.00
