

## Holly Brock

***“My grandparents taught me about responsibility and working hard for what you want in life. Owning a home would greatly improve my situation, and help my kids feel safe and secure.”***

*~from Holly Brock’s application letter*

If you want to see a close-knit family, working together for the good of the group, spend a few minutes with Holly Brock and her children. With respect, love, and laughter at the center of everything they do, they are a heartwarming example of what it means to be a family.

The success of the family is even more impressive, when you consider how they have been living.

For the past 4 years, this harmonious family of 5, has shared a small, 2 -bedroom apartment.

While they have made it work, Covid-19 has shed new light on the issue of overcrowding.

Comfortability aside, in the midst of a pandemic, living in close quarters, is nothing short of life-threatening. As a licensed commercial bus driver for Asheville Transit Authority, Holly is an essential, front line worker. Having a decent home with adequate space, will fortify Holly in her service to the community.

Holly’s 4 bedroom, 2 bathroom townhome in Candler, will be a refuge from the health risks associated with over-crowding. The Brock Family’s 4 bedroom/2 bathroom townhouse on Curry Court will complete Asheville Habitat's neighborhood in Candler. Their future home is sponsored by many Presbyterian and United Methodist Churches in Buncombe County.
