## Teacher

Our teachers see themselves as teammates and strive to do an excellent job in contributing to the school Mission as they journey toward being a master teacher by following Jesus Christ, the Master teacher. They seek to always represent Christ in private and public, and handle their time with the students with a great sense of responsibility as they inspire the students to live out the school's Mission.

As they work through the curriculum they strive to learn the students and understand their progress so they can improvise as needed to meet each student where they are and bring the class as a whole to unity and growth. Their focus is on the curriculum, but they also see themselves as those that disciple the nations that are in their class:

*And Jesus came and spoke to them, saying, "All authority has been given to Me in heaven and on earth. Go therefore and make disciples of all the nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, **teaching them to observe all things that I have commanded you**; and lo, I am with you always, even to the end of the age." Amen. Matt 28:18-20*

Our teachers understand that God is the author of knowledge. Understanding increases as our knowledge of God increases. Honor and reverence of God is where wisdom begins.

*The fear of the LORD is the beginning of wisdom: and the knowledge of the holy is understanding. Prov 9:10*

Teachers strive to teach the "what" in light of the "why" engaging student's body, soul, and spirit that they may learn knowledge, gain understanding and learn to apply wisdom with the subject matter in a way that brings glory to God.

*For of him and through him and to him are all things: to whom be glory for ever. Amen. Rom 11:36*

Our teachers are knowledgeable and grow in knowledge about the subject matter, teaching techniques, illustrations. They feel the pulse of where students are and have a clear growth expectation for each student and the class as a whole. They communicate gracefully to students, parents, and administration by speaking the truth in love, and seeing themselves as part of a team to help bring each student to their highest potential in Christ.
