

How to use virtual backgrounds in:

Zoom

Using Virtual Background

Sign in to Zoom desktop client.

Click Settings.

Click Virtual Background. ...

Click on an image to select the desired virtual background or add your own image by clicking +Add Image. ...

To disable Virtual Background, choose the option None.

More info here: <https://support.zoom.us/hc/en-us/articles/210707503-Virtual-Background>

Webex

To change the Webex background during a call, click the Menu icon within your self-view window, choose Change Virtual Background.

To blur your surroundings while remaining in focus, click Blur.

To use a default virtual background, click the one you want.

To use your own image for the virtual background, tap the + icon.
