

Join Our Community Advisory Board for Stroke Research

Help improve aphasia care after rehab!

What is this study about?

- We want to research how to **support** people with aphasia and their caregivers as they go **from the hospital to home**.

What will you do?

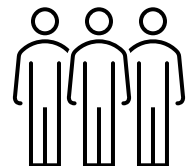

- Join **10 1-hour online workshops** over 1 year.
- Share your ideas to improve aphasia care.
- Help develop new care strategies.
- Complete short forms about your experience.
- You will be paid for participating.
- Workshops will be video recorded.

Who can join?

You can join if you:

- Speak English.
- Are 18 or older.
- Have **experience with aphasia** care:
 - Person with aphasia
 - Caregiver
 - Healthcare clinician
