

WATER MANAGEMENT FELLOWSHIP

APPLICATIONS DUE MARCH 31, 2022

ALL UNDERGRADUATE MAJORS ARE ELIGIBLE TO APPLY

COMMITMENT

- Enrollment in and successful completion of Water Resources I: Contemporary Issues (WR 571 – Fall 2022) and Water Resources II: Models (WR 572 – Spring 2023)
- Approximately 2 hrs per week throughout the year to build on your research and framework for the final project.
- Part time (20 hours/week) for 4 weeks during summer (~June 2023) to develop final project

BENEFITS

- A scholarship of \$2,000 (divided between Fall, Spring and Summer semesters 2022/2023 academic year)
- Participate in graduate level courses in water resource management, giving you a head start on graduate school
- Engage with New Mexico Water managers and users

HOW TO APPLY

- Up to 3-page personal statement stating your career goals, motivation and interest in the program, how you will utilize this opportunity to further your education and/or career, and what activities you've been involved in that you think have prepared you for this opportunity.
- 2 reference letters from UNM Staff/Administrators/Faculty (Emailed as a PDF to IScoop@unm.edu)
