SOUTHWEST
CLINICAL TRIALS NETWORK

CALL FOR RESEARCH CONCEPTS

The Southwest Node of the NIDA Clinical Trials Network is soliciting clinical trials research concepts focused on substance use or misuse, excluding alcohol per NIDA priority areas. Selected concepts will be advanced to NIDA for possible funding as a national, multi-site trial.

Areas of interest and research methods could include:

- E-Interventions
- Prevention of Substance Use
- Clinical Trials
- Medications for Substance Use
- Health Disparities
- Observational Studies
- Behavioral Treatments
- Special Populations
- Big Data

How to Submit a Research Concept:

1. Review Attached Submission Form (Click Here)
2. Contact CTN Protocol Development Team to discuss your protocol idea or address questions if needed
3. Attend a *pre-scheduled session to discuss your protocol or answer questions
4. Send Submission Form to SWNode-Protocol@salud.unm.edu

Connect with Us:

SWNode-Protocol@salud.unm.edu
***EMAIL us to join a pre-scheduled Zoom session.**
