

# Have your child become creative with Adventures Plus at

Leonardo's Basement is a one-of-a-kind creative learning environment for "kids" of all ages to design and build from their imagination. Leonardo daVinci remains the best representation of a curious and observing mind. He is the exemplary Renaissance man - integrating engineering, art, science and technology. The name conveys interest in discovery and experimentation and the informal nature of heading into the "basement," where tinkering and exploration is encouraged. This experience helps individuals learn how they learn and help them discover their passions while developing personal and technical skills. Instructors at Leonardo's Basement are partners, supporting individual learners on their journey to become modern-day daVincis.

Click [here](#) to visit their website to see first hand how much fun your child will have!

\$45 includes bus and admission.

Ages 5 and above

Friday November 10, 2017

Bus departs St. Michael School at 12:45 pm and returns at 4:15
