

St. Michael Junior Naturalist Program

The St. Michael Jr. Naturalists Club has returned! Jr. Naturalists meet weekly to explore and learn more about nature. We spend a great deal of our meeting time outside exploring the St. Michael's 4 Seasons Nature Center located behind the church. We do all sorts of fun activities such as playing games, catching pond critters, and monitoring water quality. We also do a great deal of learning inside as well. Activities like studying animal tracks and traces, dissecting owl pellets, growing crystals, and making leaf prints.

- Who?** Students in grades 3-5.
- What?** St. Michael Junior Naturalist Club.
- Where?** Meet in Rm B224 in the middle school building.
