

# Cf 200

**Clever fill 200**

**Next generation**  
**Reduction of handling**  
**effort**

## The most important advantages at a glance

- Double-sided hole filling and squeegeeing in one single process
- Vacuum filling of blind and through holes (Patent DE 10 2007 053 513)
- New quick exchange system **QXS** for filling head face plats
- Paste level indicator in real time
- Suitable for large formats up to 30"x40" (762mm x 1016mm)
- Included cooling system for internal paste storage
- Real time change of parameters and settings
- All accesses to the process chamber are secured with safety light barriers

### Cf 200

Height: 2200 mm 7,2'

Width: 1100 mm 3,6'

Length: 2500 mm 8,2'

#### Connections:

Power: AC 400V 3 Phasen N+G 50Hz 12KVA (AC480V G 3 Phase 60Hz 12KVA USA)

Compressed air: 6 bar 40Ltr/Min 90psi 10,5gpm

Air exhaust: 500m³/h 295cfm

Technical  
specifications

The construction of the machine is made entirely in stainless steel
