

Alpha Omega Alpha (AΩA) is the oldest American honor medical society. The society embodies many of the high ideals that draw students into medicine: scholarship, service, professionalism, ethics, leadership, altruism, and community.

Membership in AΩA may be attained as a medical student, resident, fellow, faculty member, alumni, clinician, or distinguished leader in medicine affiliated with a medical school. Each school may elect up to 20% of the rising graduating class of students, up to 25 residents/fellows, up to 10 faculty, and three to five alumni, who, based on merit, demonstrate the characteristics of excellent physicians in alignment with AΩA's mission and values.

**Please join us in welcoming the newest inductees into Alpha Omega Alpha's Georgia Delta Chapter!**
