

## **FATHER SEAN**

You took a path of walk to home  
March 10, 20 the day.  
You saw the Lord, the light from high  
But already knew the way.

So young you were to leave this plain  
Your energy it was strong.  
We loved you as our leader  
You always shared our song.

We wished you well last summer,  
When time it was to leave.  
We hoped your path was decades forth  
It's hard to even perceive

That one so full of life each day  
The Lord has come to reach.  
He has a greater purpose  
With something there to teach.

All we can do is stay behind  
And grieve your family's loss.  
Send love to all, accepting life  
And decisions of your Boss.

We all are shocked not knowing why  
We all must say good-bye.  
But maybe at some future time  
We'll understand the why.
