AccessACS Phone or Tablet App:

The ACS Church Life™ mobile application lets you view the **church's membership directory** on your cellular phone or mobile device. Provided you're in a location that has mobile internet or Wi-Fi access, you'll have **your records** right at your fingertips without needing your computer. You will login in with the same user id or email address and password that you use for the member login on the Giving link on www.faithec.org.

There are no fees for this application. It is FREE.

The listing below are all the same application, but there are different versions based on the device you are using to view the information

Main Features:

- People lets you search for People in the database and see their details. This is all based on the permissions set in Access ACS for that user and their login.   Search for anyone and pull up their information.
- Giving allows you to give to Faith Episcopal Church using your AccessACS ID and Password.

Use the user ID and password you were given for Access ACS. Our site number is: 095447.

Get Started!

Download the applicable application for your mobile device from the list below.

iPhones: You can download Church Life from iTunes by going directly to the **Church Life** download page in iTunes or by searching iTunes for Church Life. You can also use the App Store and search for Church Life.

Windows Mobile Devices: In order to install and run Church Life on your Windows Mobile Device, .NET Compact Framework 3.5 is required. To download and install .NET Compact Framework 3.5, click here. Once you've downloaded and installed .NET Compact Framework 3.5, click here to install ACS Church Life.

All other Mobile HTML, Internet-Ready Devices (Such as BlackBerry, PDA, or Smart phones): To use ACS Church Life, visit and bookmark www.churchlife.mobi.

Once in, click on the index icon on the top and the menus will open.

Currently we do not use the calendar, but you can use People and/or Giving.
