

MEET THE INTERNS

Abram Votrobeck

I have chosen to volunteer because I enjoy being connected to the church, I would love to grow closer relationships with the people I will be working with, and I feel like God is calling me to volunteer. This summer I'm looking forward to swimming, camping, and helping the church as an intern. I love movies, I run cross country and track, and love traveling.

AJ Villanueva

The reason I chose to be an intern is because I loved the idea of being able to be a part of children's journey with God. What I'm looking forward to this summer is Bike Hike, something I haven't done since I was in 8th grade! Some fun facts about me is that I love to surf, snowboard, play rugby, and watch football!

Anderson Ridgway

Anna Cram

I go to school at Seton Catholic and I play volleyball there. In my free time I love to drive around with my friends, travel, swim, read, paint, and listen to music. I'm so excited to be an intern because I love working with kids and helping them deepen their faith. I can't wait to make amazing memories and see what this summer holds!

Audrey Grice

I'll be going into my senior year at George Fox University next fall. I'm super excited to step into this position again and get to serve our CPC students, and I'm looking forward to working with my fellow interns to cultivate a God-centered space for the youth this summer. In my free time, I enjoy hiking, travelling, and thrifting with friends, and a fun fact about me is that I'm going to be studying abroad this fall in Oxford, England!

Estella Gage

This Summer I am looking forward to all the Sunday School crafts! This will be my third Summer working as a Children's Ministry Intern, and I am so excited to be back. I chose to be an intern this Summer because I love being apart of the CPC community and getting to strengthen my own faith as well as the growing faith of the children of CPC. I love languages, I learned Norwegian

while studying abroad in high school and I am hoping to learn Spanish more fluently this upcoming school year when I study abroad in Alicante, Spain. When I am not studying languages I love going to the gym and hanging out with friends. I am currently a college student at Western Washington University where I am studying Speech Language and Hearing Sciences.

Ian Votrobeck

I will be a lead intern this summer. Next year I'll be going to the University of Oregon to double major in Business Management and Product Design, with a focus on furniture production. Previously, I worked at Moso Graphics print shop for three summers. I spend my free time designing stuff, going on runs, working out, and hanging out with friends.

Kaitlin Zeamer

I am currently a junior at Camas high school. This is my second year doing the internship. When I'm not at the youth center or hanging out with my friends then I'm most likely playing lacrosse or scrapbooking. The Bible verse that is on my mind for this summer is Proverbs 27:17 "As iron sharpens iron, so does one person sharpens another."

Kaitlyn Durbin

I chose to do this internship because last summer I grew so much and had so much fun seeing the other interns, and the students grow and I would go back and completely relive last summer if I could- but this is the next best thing. Some things I enjoy are going to sports games with my mom, going to the gym, and hanging out with my friends, and rewatching old Disney Channel shows.

Stella Mathena

I love swimming, my dog, and blasting music! I can't wait to get to know everyone a little better this summer!

Sydney Stimmel

I've chosen to be an intern because I love our youth program and want to be a part of it this summer. I'm looking forward to spending time with the youth and going on Bike Hike! I am an incoming freshman at California Lutheran University and am going to play soccer there. Some fun facts about me are I love to read and I have a cat named Oliver.

Yackie Galicia-Gonzalez

I decided to volunteer because I love working with CPC and the students. I look forward to see what everyone that is new this year brings. A fun fact about myself is that I have great work ethic because of my hispanic culture.
