

LIFT DAY '26

Sharing Christ's *love*
through connection and service

It is our joy to invite **you** to participate on **Saturday, May 16** for a half-day connection and service event focused on blessing our neighbors through a variety of activities and projects in the county. Whether you have been here 50 years or just a week, **come see** what it is like to serve our neighbors in Christ's name. No experience is necessary and we would love for the **whole church** to participate, kids included! Whether you can do something active or not, we have an opportunity for you.

The Schedule

- 1:00pm** We'll gather at the church to pray for our work in the community, gather any equipment needed, and then head out to our work sites.
- 2:00-4:30pm** We'll serve at our various project sites.
- 5:00pm** We'll return to the church and pray for blessings over the people we encountered and the work that was done.
- 5:30-6:00pm** We'll close by sharing a meal around the dinner table and reflecting together on our experiences.

Please join us as we fellowship and serve together in Clark County!

Space is limited at each site. Scan the QR code or call the church office at (360) 694-7549 to register.
