## Q&A:

### ❖ Do I need to create an account and download Zoom before I begin?

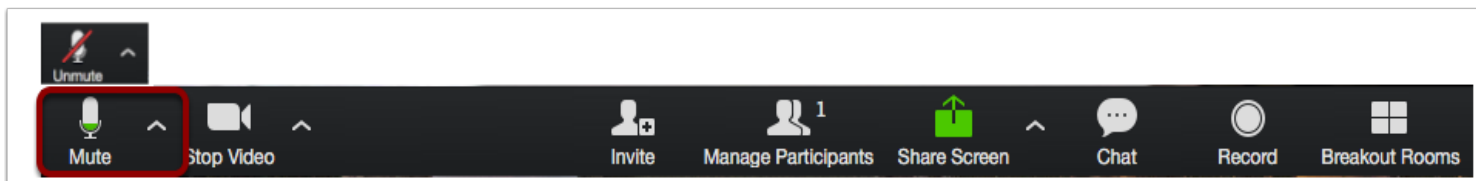

- Please sign up for a Zoom account before you begin. You do not *need* to download Zoom, clicking on the link will automatically open the meeting in a web browser. You will be prompted to download Zoom at this time. We strongly recommend that you **create an account and download Zoom** if you will be using it with any frequency. If you are attending an online CFS class this summer, please download Zoom.
