

THE BRAINS BEHIND SAVING YOURS.®

“Why is the remote in the refrigerator?” - Know the 10 Signs!

Join us for a fun and informational program as we explore the differences between normal and not normal aging, warning signs that may indicate a need to talk with your doctor, and why you have to keep defrosting the remote! You will also learn about the resources available from the Alzheimer's Association to help you, or a loved one, ask the right questions and get the support you need.
