What You Will Learn:

Most people today practice some form of "vertical diversification," that is, diversification of risk. But risk allocation is just part of the story.

This interactive workshop will help attendees discover the value of proper "horizontal diversification," that is; diversification between tax treatments; the potential rewards associated with such a strategy; and how to integrate the concept into their own personal planning.

Presented Robert M (Mike) Clark, Managing Partner New York Life Insurance Company CA Insurance Lic. #0F22266 Registered Representative NYLIFE Securities LLC Member FINRA/SIPC, a Licensed Insurance Agency and a New York Life Company 2999 Douglas Blvd, Suite 350 Roseville, CA 95661

This seminar and sales presentation is designed to be informational in nature and is not intended to provide accounting, tax, or legal advice. Neither MAP certified financial professionals, nor New York Life Insurance Company or its affiliates, provide accounting, tax, or legal advice.
