MAKE WASHINGTON D.C.
YOUR CLASSROOM THIS
SUMMER!

JUNE 27 - JULY 8, 2022
EXPERIENCES IN ARCHITECTURE
PRE-COLLEGE SUMMER WORKSHOP

The Experiences in Architecture program at the Catholic University of America is an intense, two-week, pre-college workshop for students interested in architecture or other design-related fields. Students will be exposed to both the academic and professional sides of the architectural arena, as the city of Washington, D.C. becomes their classroom. This program will better prepare students for the rigors of architecture school, giving them a head start, as well as acquainting them with campus life at the university level. Students who have participated in EiA's summer workshop, or a similar pre-college program, are better prepared for success at the university level.
