WHY NOMINATE SOMEONE FOR THESE AWARDS?

This is an opportunity to celebrate, share, and increase awareness of urban forestry and the people championing urban forestry efforts in Arizona. When you nominate someone, you are letting them know that their work is appreciated by their community.

These awards provide an opportunity for folks to share their story with the greater statewide community, increase support of their work, and inspire others to get involved in their own way.

Both winners and nominees will be displayed on the Department of Forestry and Fire Management's website for a full year after being nominated. The winners receive an award plaque that lasts a lifetime, which will be presented at the Arizona State Arbor Day Ceremony at the State Capitol.
