Climate Change in Mississauga

- Climate change is real
- Everyone has a role to play
- The City is taking action

FORESTRY DEPARTMENT

Replacing trees lost due to storm damage or the emerald ash borer.

Credit Valley
Conservation
Inspired by nature

Attracting birds to your garden:

- native plants that birds love
- providing a safe habitat for birds
- attracting pollinators

Learn about this ecologically diverse community in the heart of Mississauga.

How good is your tap water?

Why should we practise the three R's:

REDUCE, RE-USE, and RECYCLE?

Learn about organic gardening:

- Choosing the right crops
- Optimizing space
- Plant a seed for your garden

SOUTH PEEL NATURALISTS' CLUB

Embracing the beauty of nature

Monthly meetings

Bird watching events
