

# Pivot 101 Workshop Step-by-Step Guide

By Althea Sheets

Office of Sponsored Programs

November/December 2019

# Althea Sheets, Awards Manager

The Awards Manager in the Office of Sponsored Programs identifies external funding sources (including early career and minority serving institution opportunities) and manages limited submissions and internal faculty awards to support the mission of the Research Excellence Program (REP).

The REP mission is to provide all of the necessary resources and support for enabling faculty, graduate students, postdoctoral fellows, professional residents, undergraduate students, and research staff to be successful in obtaining research funding and conducting their research.

# Claiming/Creating Profile

- The Pivot team pre-filled profiles for UNLV based on the UNLV website (CV, personal website, expertise, affiliations, past affiliations, communities and degrees).
- After you create your Pivot account, Pivot will automatically search for your profile and prompts you to claim your profile that they created.
- Pivot automatically and continually searches for Funding Matches and Funding Opportunities for your Department based on your profile.

The screenshot displays the UNLV Pivot profile for Sajjad Ahmad. The profile is pre-filled with information from the UNLV website. A red circle highlights the 'Funding Matches' section, which shows 23 funding opportunities for the user and 59 funding opportunities for their department. The profile includes sections for Personal Website, Publication Page, ORCID, Expertise, Affiliations, Past Affiliations, Communities, and Degrees.

# Search Capabilities – Find Funding

- Quick Search
  - By Text
  - By Sponsor

# Search Capabilities – Find Funding

- Advanced Search
  - Choose Matching Options
  - Narrow or Broaden Search

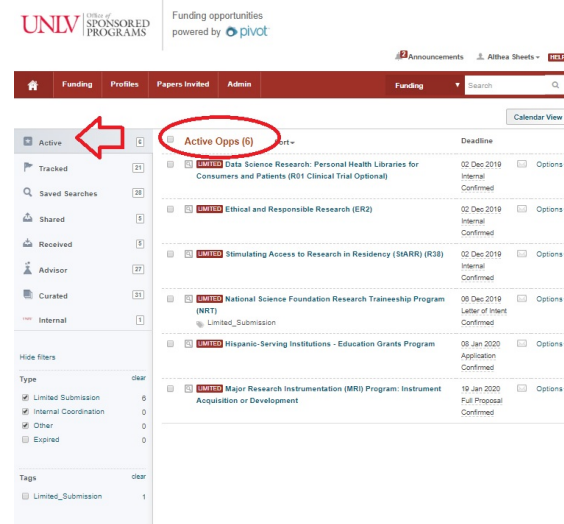

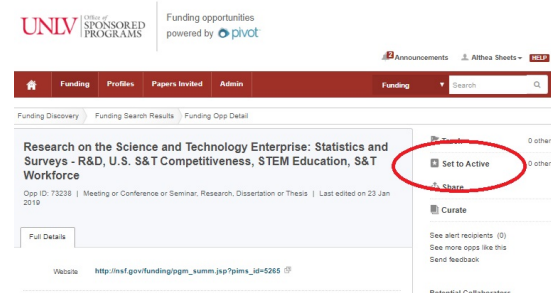

# Search Tips

- If you are unsure what field to search in, use the **All Fields (Quick Search)** search box. This will search for the terms you enter across all text fields in each record.
- Many grant sponsors do not mention specific kinds of research they will fund. Instead they state broader disciplines within which they will consider applications. Some research topics may not get any results in searching, but that does not necessarily mean there are no grants for which the project may be eligible. If this happens, try searching for grants in the broader field(s) within which your project falls. For example, a project to study zebra mussels may be eligible under a grant looking to fund projects in the broader fields of Biological Sciences, Marine Biology, or Environmental Biology, etc.
- To search by Opp ID use the **All Fields** box or the **Quick Search**.
- Keywords 'Explode' function: Use this to expand your Keyword search. For example, if you are searching on the Keyword 'Education' and Explode it, the system will automatically search for all the more specific 'educational' terms under it in the Keyword hierarchy, such as 'Higher Education', 'Literacy', etc. For more details, see the **Keyword section**.
- To select multiple terms from any pick list (e.g. Sponsor Type, Citizenship, etc.), click the check box to the left of each term.
- Use Truncation (**Asterisk**), Proximity Operators (**pre/#**, **w/#**), Exact Phrase Searching (**Double Quotes**), and Precedence (Parentheses) to give your search more flexibility.
- **Example:** (gene **w/2** mouse) **or** "mouse genome" -- searches for the word "gene" within 2 words of "mouse" or for the exact phrase "mouse genome."
- Searches are case insensitive. Using either upper or lower case letters will yield the same result set.
- With the exception of the hyphen, do not use punctuation marks (slashes, commas, etc.). Punctuation marks in most cases will retrieve erroneous results. This also applies to the **Amount Field**. For monetary amounts, leave out any commas or periods. E.g.: \$10,000 = 10000.
- Do not use the articles a, an, or the. The search engine does not search for these.

# Saving/Tracking Funding Opportunities

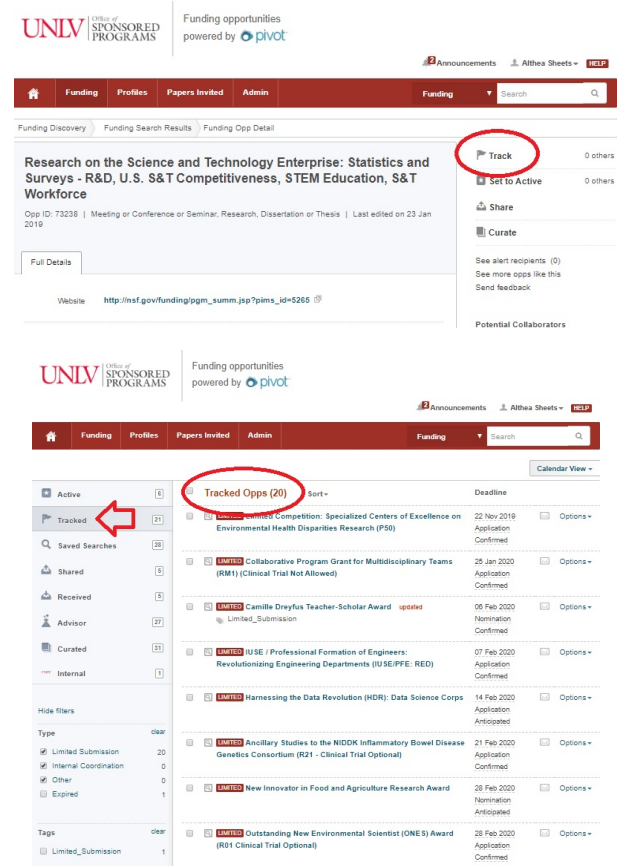

- Active Opportunities
  - Mark opportunities you deem important or critical.
  - Listed in the Active section on your homepage, which is shown to you immediately upon logging in.
  - Typically used for opportunities which you have applied or plan to apply.

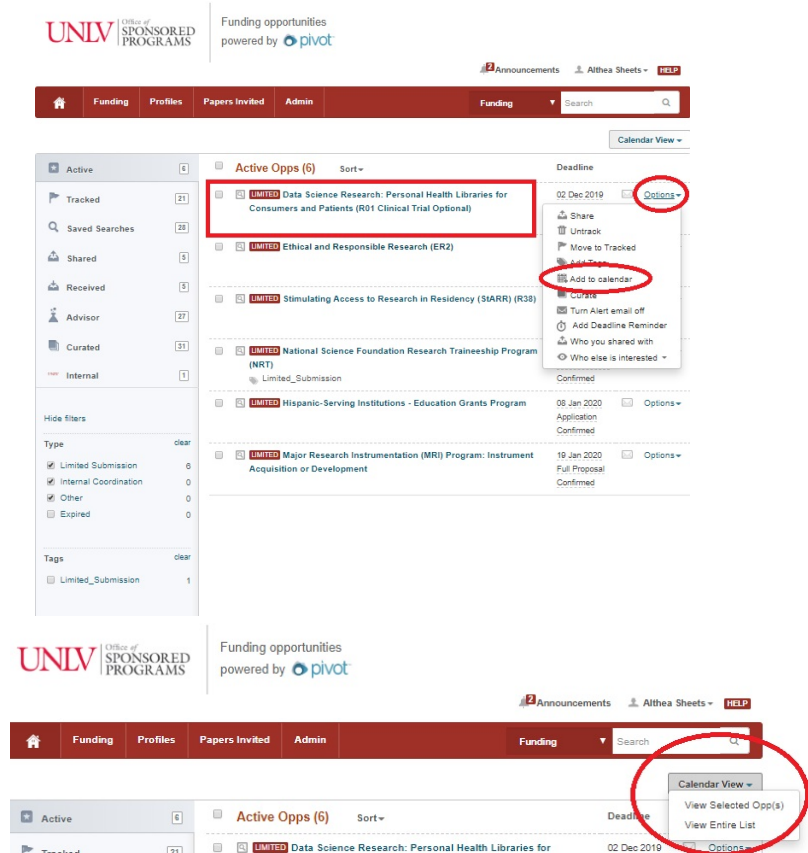

# Saving/Tracking Funding Opportunities

- Tracked Opportunities
  - Mark opportunities you want to monitor.
  - Opportunities you would like to follow and receive a funding alert.
  - For example, a funding opportunity that is anticipated but not released yet.

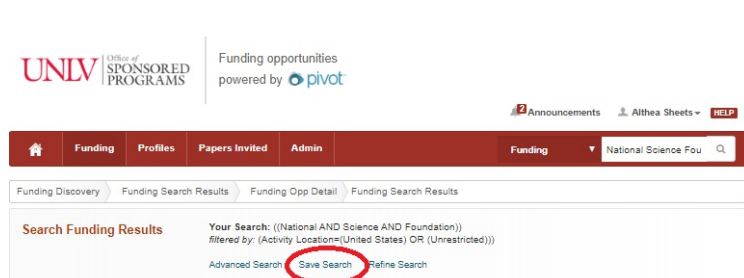

# Calendar View and Sync

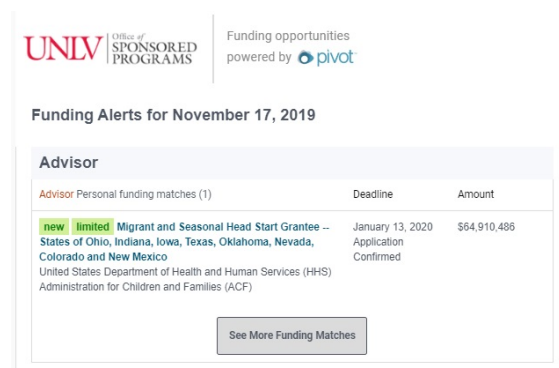

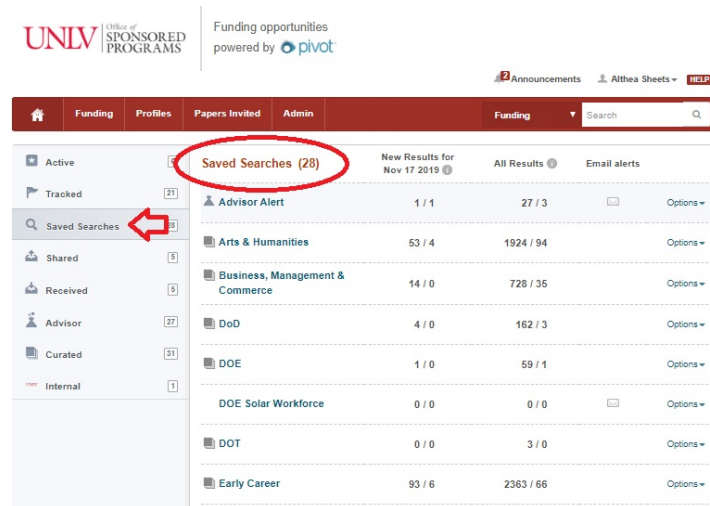

- Export a tracked or active funding opportunity deadline to an external calendar application (Google, Outlook, iCal).
- View any search results as Calendar View and export search to calendar application.

# Saving/Tracking Funding Opportunities

- Saving a Search
  - Saves time.
  - Choose to receive/or not a weekly email funding alert that identifies any newly added or updated opportunities that match your query.

# Saving/Tracking Funding Opportunities

- Curated Lists
  - Awards Manager saved searches by category and sponsor.
  - Available to anyone at UNLV.
  - Opportunities with deadlines in the next 6 months in broad categories, applicant type and funding agencies.

Hispanic-Serving Institutions Education Grants Program - USDA-NIFA-HSI-006951

The purpose of the HSI Education Grants Program is to encourage innovative teaching or education proposals with potential to impact and become models for other institutions that serve underrepresented students, at the regional or national level. Projects supported by this program:

1. Attract and support undergraduate and graduate students from underrepresented groups in order to prepare them for careers related to the food, agriculture, natural resources and human (FANH) sciences in the United States.
2. Enhance the quality of postsecondary instruction within the above disciplines.
3. Provide opportunities and access to FANH careers in the public and private sector.
4. Align the efforts of HSIs and other non-profit organizations to support academic development and career attainment of underrepresented groups.
