June 1-7, 2026

Here are some ways to join in and celebrate our connection to caves!

Share about caves:

Reach out to friends, connect via social media (#caveweek), read your favorite cave book or have a cave themed movie night.

Go Caving:

Lead a caving trip and teach people in your community how to enjoy cave environments responsibly.

Tell your cave story:

Host an event or be a guest speaker, invite others to learn about caves and cave science.
