

JENNIFER FLORES

DARREN FOSTER

**ProStart helped shape me into the young chef I always aspired to be** It helped me focus and be very determined to achieve my goals. Without ProStart and the help of chef instructors and many more, I would not be where I am today. They helped to prepare me for many great job opportunities and to graduate Johnson & Wales University.

**Prostart Alumnus**  
**Johnson and Wales 2021**

**ProStart is, for an aspiring chef, the bridge towards the dream.** Not only does it open doors, it builds teamwork, develops problem solving, and teaches the importance of networking in our industry. Competing in the Prostart competition gave me the resume and financial support I needed to get into Endicott College.
