Re: Notice of Intent to Cancel the Registration of Products Containing Chlorpyrifos in New York State Effective December 31, 2020

The New York State Department of Environmental Conservation (Department) has been directed by Governor Andrew Cuomo to immediately take action to ban the use of chlorpyrifos in New York State.

All products labeled for agricultural and non-agricultural uses, except for the spraying of apple tree trunks, will be prohibited by December 31, 2020.

Therefore, the Department hereby notifies you in accordance with New York State Environmental Conservation Law (ECL) Section 33-0713 of the cancellation of the New York State registration of the following chlorpyrifos product:

The effective date of cancellation of the New York State pesticide product registration for the above-listed product is December 31, 2020. Prior to the effective date, you may pursue the options available under ECL Section 33-0713 which include: filing a petition requesting that the matter be referred to an advisory committee; or filing objections and requesting a public hearing.

Please note that in accordance with 6 NYCRR Part 624 a hearing must be requested in writing before the effective cancellation date of December 31, 2020 and be sent to:
