

# GROW YOUR CAREER IN THE VITICULTURE INDUSTRY WITH AGSKILLED 2.0

The AgSkilled 2.0 program is a \$15 million investment by the NSW Government, to upskill and better prepare the agricultural workforce for fast-moving change driven by industry innovation, research, and technology. This will be achieved through vocational education and training (VET), particularly in the cotton, grains, production horticulture, viticulture, and rice growing agricultural industry sectors across rural and regional NSW.

To be eligible for AgSkilled subsidised training, you must have a genuine interest in the plant-based fibre (e.g. cotton), grains, production horticulture, viticulture and rice growing industries of NSW, in roles such as producer, farm staff, contractor, industry professional, or in seeking employment within the sector.

## SHORT COURSES

### ENTER AND WORK IN CONFINED SPACES

This course is to train participants in the requirement of AS2865:2009 (Safe working in confined spaces) and covers all aspects of working safely in confined spaces, and the safety equipment used.

UNIT CODE	UNIT NAME
RIIWH202D	Enter and work in confined spaces

#### DELIVERY

One day, face-to-face, including both theory and practical assessments.

### WORK SAFELY AT HEIGHTS (RESOURCE & INFRASTRUCTURE)

This course will allow you to gain the competency required to undertake safe working practices when working at heights or depths. It is appropriate for people working in agricultural industries in operational roles.

UNIT CODE	UNIT NAME
RIIWH204D	Working safely at heights

#### DELIVERY

One day, face-to-face, including both theory and practical assessments.
