Friday	6/5/2026	South Central/Brookline Regional at individual Camps		
		West Central Region at individual Camps		
Monday	6/8/2026			
		Southwest Regional at individual Camps		
Wednesday	6/10/2026			

Boat registrations must be submitted to Concord DMV at least four weeks prior to each inspection location. Marine Patrol must be notified at least 10 days prior to your inspection site choice to allow us to gather all registrations and get them to the Officer conducting the inspections.

Please note: Camps may motor to sites on the inspection date; however, NO passengers are allowed on the boat before or during the inspection. Boats must be assembled, ready, and all safety equipment must be onboard and in good working condition.

Failed inspections and unregistered boats will be re-scheduled at Marine Patrol's convenience.

Please remember, if your boats are ready, accessible, and registered; Marine Patrol will come to your site in March or April to complete your inspections. Your boats do not have

to be in the water to be inspected. Your boats must have all safety equipment available and be in good working condition. Please call Marine Patrol for additional information.
