

As this year comes to an end, I am incredibly thankful for all the opportunities I had to serve. One of the biggest highlights was roofing and serving alongside churches from across the country. Working together with so many different people was not only rewarding, but a lot of fun. The hard work, teamwork, and shared purpose made every project meaningful, and I'm grateful for the relationships and memories that came from it.

Another highlight of the year was Kids Club. Spending time with the kids, building relationships, and helping create a fun and encouraging environment was something I truly enjoyed. The joy, energy, and moments of laughter made Kids Club a special part of my year, and it was a blessing to be involved.

Overall, this year of serving has been an amazing experience. I've grown, learned, and had so much fun along the way, and I'm thankful for everyone who made it such a great year.

**Prayer Request:**

I would also appreciate prayers my family. Vanessa and I just welcomed our son. Please pray for good health for both her and the baby, and peace during this exciting time.
