

Neighborhood flyer/contact template

Hey! My name is _____
and I am your neighbor at the address
_____ and
my number is _____.
I'm reaching out because I know that Coronavirus
is spreading in our area, and I want to be
connected with you and our other neighbors so we
can stay in touch, pool resources, and support
each other with any needs that may come up. I am
going to coordinate a group text message thread or
phone tree so we can be in communication. Please
text me when you get this if you would like to be
part of this network. If you prefer not to
communicate via text, give me a call and we can
talk that way!
