

## THE TIME IS NOW: BOUNCE BACK FROM BACK PAIN

During this FREE educational seminar, physician specialists will discuss common sources of back pain and the advanced treatments that are currently available.

### Questions that will be addressed include:

- How does aging affect the back?
- What are common sources of back pain? When is it time to see a doctor?
- What are some effective pain prevention techniques?
- What are the traditional medical treatments for chronic back pain?
- What traditional and minimally invasive surgical procedures are available for common spine disorders?
- How can one achieve optimal quality of life after surgery?
