

Participate in a sun safety study for farmers and agricultural workers!

Who can join

- ★ Work in farming or agriculture
- ★ 18 years of age or older
- ★ Work outdoors for 2 or more hours each workday
- ★ Understand English
- ★ Have a smartphone to access the study app

What you'll do

- ★ Receive sun safety messages via the study app
- ★ Complete surveys during the study period
- ★ Receive a \$25 gift card for participation

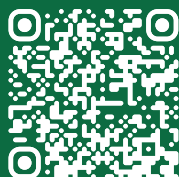

★ About the study

Workers who spend a lot of time outdoors, including farmers and agricultural workers, are at increased risk of skin cancer from sun exposure.

This study will assess the use of smartphone messages to help farmers and agricultural workers learn how to work safely in the sun.
