

Community Planning

Jennifer Chamberlin
Manager,
Community Planning

SARM's Community Planning Team is driven by a proactive and collaborative approach with municipalities to support growth, certainty for investment and landowners, and the protection and promotion of what already exists in the community.

Our team consists of Registered Professional Planners who meet all membership requirements for education and responsible professional planning experience with the Saskatchewan Professional Planners Institute and the Canadian Institute of Planners. Servicing contracts with external planning and Geographic Information System (GIS) specialists are managed by the department to provide additional planning and mapping support to members.

Members go to Community Planning to:

- Prepare planning bylaw amendments and consolidations.
- Create land use maps.
- Review and advise on subdivision and development applications and bylaw interpretation.
- Write public and landowner notices and advise on public hearing and consultation processes.
- Draft informal enforcement notices and formal enforcement orders.
- Access planning guides and reference materials.
- Conduct policy research and best practice review.
- Conduct educational planning presentations and municipal workshops.
- Support the development of Official Community Plans and Zoning Bylaws.
