

Brunswick County Master Gardener plant sales are returning!

On **Friday May 14th**, our second sale, the **Propagation Sale** will offer a variety of perennials, annuals, vegetables, and herbs propagated by Master Gardeners.

Yes, we grew these plants from seeds, cuttings or divisions ourselves! Some plants are propagated from the Brunswick County Botanical Garden or our home gardens.

The **Propagation Plant Sale** is a traditional outdoor sale, but for the health and safety of the plant sale attendees and Master Gardener volunteers, participants need to wear masks and schedule an appointment to shop between 9–10:30AM. After 10:30AM, a limited number of shoppers will be admitted on a first-come, first-serve basis.

- Starting May 3, visit www.bcmgva.org to learn about the plants being offered for sale and to schedule an appointment.

This sale is held at the Brunswick County Extension Office, 25 Referendum Drive, greenhouse area behind Building N, Government Complex, Bolivia, NC 2842.

For more information, contact Krystyna Ochota at the NC Brunswick County Cooperative Extension Office; 910-253-2595, Monday-Friday from 8AM-2PM.
