

## Invitation to Participate

### Lake County Envision 2050: Student Advisory Council

Dear Lake County Educators,

The Lake County Division of Transportation (LCDOT) is launching an exciting opportunity for high school students, and we're reaching out to you for help identifying and encouraging future leaders to participate. As part of the **Lake County's Long Range Transportation Plan (LRTP): Envision 2050**, LCDOT is forming a **Student Advisory Council (SAC)**. The SAC will bring together students from Lake County to share their perspectives and experiences to directly influence how Lake County invests in transportation for the future.

#### What is Envision 2050?

Envision 2050 is Lake County's LRTP, a guided framework for shaping transportation planning. An LRTP is a state required strategic document that guides transportation investments and policy decisions for a 20–25 year planning horizon. Because today's high school students will be tomorrow's commuters, workers, parents, and community leaders, **their voices are essential, and we'd like to invite them to be included in developing the plan.**

#### What is the Student Advisory Council (SAC)?

The Student Advisory Council (SAC) is a short-term leadership and civic engagement opportunity for Lake County high school students. During the SAC Meeting participants will:

- Engage directly with transportation, engineering and planning professionals.
- Learn how transportation planning impacts daily life and future community growth.
- Contribute to Envision 2050 by sharing their personal insights and opinions on safety, mobility, sustainability, and access.

#### Call to Action: Share This Opportunity

We are asking for your help to:

1. Share this opportunity with students who may be interested.
2. Encourage participation among student leaders, honor society members, student council members, or students interested in public service, planning, government, or civic leadership.

Please share the following link or QR code with any interested students, parents, or teachers: [Envision 2050 | Student Advisory Council Registration Form](#)

## Why Student Voices Matter

The transportation choices we make today will shape the daily life of students and their families for decades. The Student Advisory Council ensures our planning reflects not only current needs but the lived experiences and ideas of Lake County's future residents. Your support helps us build a more inclusive, forward-thinking plan.

## Key Dates

- **December 2025 – Mid-January 2026:** Student identification and outreach
- **Late-January 2026:** Virtual Orientation
- **Mid-February 2026:** Student Advisory Council Meeting

## Contact Information

If you have any questions or need assistance, please feel free to reach out to us. We're here to help ensure a smooth and successful participation experience.
