

24-25 Online Registration is available through your Parent Portal

Please access Online Registration in your Parent Portal to verify and update any information for your student and or household we currently have on file. This process is required every year, to ensure the information we have is accurate.

The 24-25 OLR application had an update to the way parents/guardians fill in the students medical information and there was a new pleat/tab created called Medical or Mental Health Conditions. In that new pleat there are new questions that the parent/guardian has to answer prior to moving forward with the application. Here is a screenshot of the new tab. As you know all questions with the red asterisk by them means the question is required and all answers are required on the new pleat/tab in order for them to move forward.

Medical or Mental Health Conditions

Please provide information about your child's health so we can best support them at school.

Has your student been diagnosed with a medical or mental condition? *

Autism *

Headaches/Migraines *

On the **Medications** Pleat/Tab, parents/guardians are required to give details about their child's Medication if they choose that the child is taking any medications and those are also required fields. Screenshot is below of the Medications tab:

Medications

Please let us know what medication(s) your child is taking on a regular basis. If they will need to take medications at school, please remember you will need to have the Medication Authorization Form completed by their health care provider. This form can be found on the 27J website under Parents, HealthServices, Helpful Forms.

No medications

or

| Medication* | Where Taken* | Medication Type* | Comments and Instructions | |
|----------------------|-------------------------------|-------------------------------|---------------------------|--|
| <input type="text"/> | <input type="text" value=""/> | <input type="text" value=""/> | <input type="text"/> | <input type="button" value="Remove Medication"/> |

The OLR application still has the ability for parents/guardians to upload immunization records under the "Medications" tab.

Please upload a copy of immunization records. Your application will NOT be approved, or your student enrolled, until you upload a Birth Certificate, Proof of Residency and Immunization records for your student. If you cannot upload them, you will need to hand deliver them to the school your student will attend.
