Years of Proven Leadership-“Putting Kids and Families First For Safe Communities”

Experience Matters!

A Message From Sandré R Swanson for State Senate

We thank all of our supporters for the very positive momentum of our campaign this year for the California State Senate. As you may know, for our March 5, 2024 election early voting starts in 45 days! **I am running to stop our unacceptable Crime Wave; to end Homeless Encampments with humanitarian solutions; and to make Education California’s top budget priority with full-service and safe schools.** If you also, agree with these goals, we need your help to successfully communicate to the voters in our Senate district. Please visit our website to learn more. www.sandreswanson.net

You have our appreciation in advance for **any size donation** you can give our campaign before the end of this year’s final reporting period.
