FUTURE

I am God, and there is no other;  
I am God, and there is none like me.  
<sup>10</sup> I make known the end from the beginning,  
from ancient times, what is still to come.  
I say, 'My purpose will stand,  
and I will do all that I please.

*Isaiah 46:9-10*

But as for you, Daniel, conceal these words  
and seal up the book until the end of  
time; many will go back and forth, and  
knowledge will increase."

*Daniel 12:4*

"Right now in America there are 1,780 commercial television stations, 15,503 broadcast radio stations, 1,331 newspapers, 2,000,000 billboards, and 5,821 movie theaters. Worldwide there are 7 billion cell phone subscriptions (comprising 4.77 billion mobile users, many of whom have more than one phone) and 1,276,011,353 billion websites."

## GOOGLE: MIND-ALTERING

Our brains are sophisticated enough to ask very complex questions but not sophisticated enough to answer them. Since *Homo sapiens* emerged from caves, we've relied on prayer to address that gap: We lift our gaze to the heavens, send up a question, and wait for a response from a more intelligent being. "Will my kid be all right?" "Who might attack us?"

As Western nations become wealthier, organized religion plays a smaller role in our lives. But the void between questions and answers remains, creating an opportunity. As more and more people become alienated from traditional religion, we look to Google as our immediate, all-knowing oracle of answers from trivial to profound. Google is our modern-day god. Google appeals to the brain, offering knowledge to everyone, regardless of background or education level. If you have a smartphone or an Internet connection, your prayers will always be answered: "Will my kid be all right?"

### THE NEW BODY SNATCHERS

Want to build a firm with billions of users and hundreds of billions in value? Appeal to a core human organ that makes adoption of the platform instinctive. Google is God, Facebook is love, Amazon is consumption, and Apple is sex.

"As more and more people become alienated from traditional religion, we look to Google as our immediate, all-knowing oracle of answers from trivial to profound. Google is our modern-day god .... Think back on every fear, every hope, every desire you've confessed to Google's search box and then ask yourself: Is there any entity you've trusted more with your secrets? Does anybody know you better than Google? ....According to Google trends, the term 'Google' is searched for more than the terms 'God,' 'Jesus,' 'Allah,' 'Buddha,' 'Christianity,' 'Islam,' 'Buddhism,' and 'Judaism' combined."

The word of the Lord came to me: <sup>2</sup> "Son of man, set your face against Gog, of the land of Magog, the chief prince of Rosh, Meshek and Tubal; prophesy against him <sup>3</sup> and say: 'This is what the Sovereign Lord says: I am against you, Gog, chief prince of Meshek and Tubal. <sup>4</sup> I will turn you around, put hooks in your jaws and bring you out with your whole army—your horses, your horsemen fully armed, and a great horde with large and small shields, all of them brandishing their swords.

<sup>5</sup> Persia, Cush and Put will be with them, all with shields and helmets, <sup>6</sup> also Gomer with all its troops, and Beth Togarmah from the far north with all its troops—the many nations with you. “Prepare yourself and be ready, you and all your companies that are gathered about you; and be a guard for them. <sup>8</sup> After many days you will be visited. In the latter years you will come into the land of those brought back from the sword and gathered from many people on the mountains of Israel, which had long been desolate; they were brought out of the nations, and now all of them dwell safely.

A big oil deposit has been found in the Israeli-occupied Golan Heights, with enough reserves to last Israel for decades, according to the country's media.

The Israeli presence in the Golan Heights is in dispute. The region is internationally recognized Syrian territory that has been occupied by Israel since the 1967 Six-Day War between Israel and several Arab states. UN Resolution 242 (1967) demands the withdrawal of Israeli armed forces from the territories occupied in the conflict. Israel disagrees with the wording of the resolution, saying the territories are disputable.

Reportedly, the potential production may reach billions of barrels, while Israel consumes 270,000 barrels per day. Israel currently imports up to three quarters of its oil from the semi-autonomous Kurdish region in Iraq, the Financial Times reported in August.

"We are talking about a strata which is 350 meters thick and what is important is the thickness and the porosity. On average in the world strata are 20-30 meters thick, so this is ten times as large as that, so we are talking about significant quantities. The

He will confirm a covenant with many for one 'seven.' In the middle of the 'seven' he will put an end to sacrifice and offering. And at the temple he will set up an abomination that causes desolation, until the end that is decreed is poured out on him.

# Provisions of the Israeli-Palestinian Peace Agreement

- (1) A Palestinian state will be created in Judea, commonly referred to as the West Bank.
- (2) Jews presently living in the area of the new Palestinian state will be permitted to stay, living as a Jewish minority there under the Palestinian government.
- (3) The Temple Mount will be placed under a sharing arrangement between Jews and Muslims. Israel will be allowed to build its third Temple, without disturbing the Dome of the Rock, or the Al-Aqsa Mosque. The International Community will supervise this sharing arrangement.
- (4) Negotiations concerning the status of Jerusalem will reach an impasse. Therefore, a final agreement on this issue will be postponed for seven years, with the understanding that it will be dealt with at that time. In the interim, Israel will retain control over all of Jerusalem.

- (5) The Jewish temple will be completed during the first three and one-half years of the seven-year agreement.
- (6) A very charismatic world politician will have gained recognition as the leader of the International Community. Since he will have participated in the peace agreement that allowed for the building of Israel's third Temple, speculation will be circulating that perhaps he could be the Messiah.
- (7) When the temple is completed, Jews will begin to offer animal sacrifices just as they did before the destruction of the Second Temple in 70 AD.
- (8) This world leader, who the Bible calls the Antichrist, will order the sacrifices stopped. He will explain they are not needed any more since he is, in fact, the Messiah. He will make this declaration from the Temple Mount. This event is called the Abomination of Desolation.
- (9) The Antichrist will then begin to persecute all on earth who will not pledge allegiance to his emerging world government system. This time, called the Great Tribulation, will continue for the next three and one-half years.

"So when you see standing in the holy place 'the abomination that causes desolation,' spoken of through the prophet Daniel—let the reader understand—<sup>16</sup> then let those who are in Judea flee to the mountains. <sup>17</sup> Let no one on the housetop go down to take anything out of the house. <sup>18</sup> Let no one in the field go back to get their cloak... 21 For then there will be great tribulation, such as has not been since the beginning of the world until this time, no, nor ever shall be.

Since 1948, Russia has been an advocate of the two-state solution and has been pushing both Arabs and Israelis to resolve the Palestinian-Israeli conflict in accordance with this plan, leaving Jerusalem for the final talks. Recently, Russia has started to exert more pressure on Israel to cease building new settlements in the occupied West Bank. This has been clear from the many statements issued by the Russian Foreign Ministry expressing deep concern at the deteriorating situation when it comes to Israel's settlement projects.

Why Moscow is pushing for the two-state solution and for the procrastination of the status of Jerusalem can be explained by
