

[Oscar W. Larson Co.](#) -- headquartered in Clarkston, Michigan – has been a Drive Clean Indiana member since 2020.

For more than 75 years, Oscar W. Larson Company has served the Midwest as a leader in full service petroleum and fluid handling equipment contracting. The Oscar W. Larson Company was founded in 1946 when Oscar Larson, a former employee of Shell, started a fuel pump installation and repair shop in his Detroit garage. Oscar's sons, Bob and Jim Larson, bought the company from their father in 1952. In 1963, Oscar W. Larson Company bought a small Wayne distributor in Grand Rapids, Michigan, which became the first branch of the company. Today, the company has 10 [locations](#) across the Midwest and six along the East Coast.

Today, companies are faced with a new set of expectations, standards and regulations in an effort to reduce energy consumption and environmental impacts. Oscar W. Larson Company is committed to supporting a healthy environment by offering environmentally responsible solutions designed to improve performance.

Oscar W. Larson handles [EV installation from start to finish](#). As distributors of ChargePoint, Inc., they are involved in every aspect from site planning to electrical design, engineering, permitting, installation and maintenance.

The company also provides [natural gas services](#) with Natural Gas Vehicle Institute-trained technicians, compressed natural gas dispenser-certified technicians and National Maintenance Agreement signatory services utilizing qualified and experienced union tradesmen including UA Pipefitters, International Union of Operating Engineers and the International Brotherhood of Electrical Workers.

Oscar W. Larson Company has experienced extraordinary growth throughout the years which has led to its expansion into the automotive, airline, marine, restaurant, convenience store and service industries. With more than 350 skilled employees, Oscar W. Larson Company is uniquely qualified to provide comprehensive solutions for all project needs.

Their factory trained technicians and licensed mechanical, electrical and HVAC contractors deliver one stop shopping to meet all design, construction, excavation, remodeling, installation, service, building maintenance, product consultation and sales needs.
