

Success story

January 2020

Ms. MA is a single mother of four and is enrolled in ESR's Inspire 340 program. Her children are Petree Elementary school students.

When she came to the program last year, she lacked confidence in herself because she was a high school dropout, started to have children at a young age, and worked in low pay jobs.

After several conversations with Success Coach Norma Lucas, she went back to school and obtained her high school diploma. She took her children to her graduation ceremony to set an example for them.

Her demeanor is very different now. She is a confident lady today. She told her Success Coach she wants to further her education, and in January she began her classes to become a Pharmacy Technician.
