BUILDING A COLLABORATIVE WORKFORCE NETWORK IN HAMPTON ROADS

By Denise Lewis, Senior Director of Outreach and Community Engagement

OCTOBER 2026

OUR MISSION

At VetJobs and Military Spouse Jobs, our mission extends far beyond helping people find jobs. We are committed to building strong workforce ecosystems that connect veterans, military spouses, transitioning service members, military youth, caregivers, and mature workers with meaningful career opportunities and the resources needed to succeed.

HOW OUR WORK REMAINS POSSIBLE

The Hampton Roads region remains one of the nation's most significant military communities, making it a strategic focus area for VetJobs and Military Spouse Jobs.

Through strong partnerships with Hire Vets Now, the Hampton Roads Workforce Council, the Armed Forces YMCA (AFYMCA), military installations, and numerous military-affiliated agencies, we continue to expand opportunities for veterans, transitioning service members, military spouses, and military families throughout the region.

A special acknowledgment goes to ADP, which has been an outstanding friend and supporter of our workforce development efforts in Hampton Roads. ADP's commitment to military talent, workforce inclusion, and community engagement has helped strengthen our outreach initiatives and connect more military-connected individuals with meaningful employment opportunities. Their partnership demonstrates the impact that corporate engagement can have on building stronger military communities.

JOIN US IN EXPANDING OUR IMPACT

As our outreach efforts continue to grow throughout Hampton Roads, we welcome additional support from local employers, foundations, workforce organizations, and community leaders who share our commitment to serving the military-connected community. Increased local investment and sponsorship will allow us to expand our reach, enhance programming, participate in more community events, and connect even more veterans and military families with quality employment opportunities.

Together, these partnerships are creating a stronger workforce ecosystem that benefits military-connected talent, employers, and the entire Hampton Roads community.
