UPS Event Recap: Connecting Military Talent with Opportunity

By Angie Fair

Senior Director of Strategic Partnerships, MSJ/VJ

Military Spouse Jobs and VetJobs recently hosted an Employer Spotlight featuring UPS, bringing together military-affiliated job seekers and one of the nation's leading employers.

The event generated strong interest, with 121 registrations and just shy of 60 attendees joining the live session. Attendees had the opportunity to hear directly from a UPS military recruiter about career opportunities, the company's commitment to military talent, and how the recruiter advocates for military-affiliated candidates with UPS hiring managers.

The spotlight provided job seekers with valuable insight into the UPS hiring process and available opportunities while creating a direct connection between military talent and an employer actively seeking their skills and experience.

A special thank you to UPS and their recruiting team for taking the time to engage with our military community and to everyone who registered and participated.

Military Spouse Jobs and VetJobs remains committed to creating meaningful connections between military-affiliated job seekers and employers who value their experience and expertise.
