Celebrating National **SENIOR CITIZENS DAY**

By Denise Lewis

Senior Director of Outreach and Community Engagement, MSJ/VJ

National Senior Citizens Day is a time to celebrate the experience, resilience, wisdom, and contributions of older adults.

While the holiday uses the nationally recognized term Senior Citizens, VetJobs and Military Spouse Jobs prefer the term mature worker because it emphasizes the talent, knowledge, and workforce value these experienced professionals continue to offer employers and communities every day.

For many mature workers, retirement is no longer the only path forward. Experienced professionals are pursuing second careers, re-entering the workforce, consulting, volunteering, launching businesses, or seeking flexible opportunities that allow them to remain active, engaged, and financially secure.

If you're looking for your next career opportunity, VetJobs and Military Spouse Jobs offers no-cost career services, including one-on-one career support, resume assistance, job search guidance, and direct connections to employers who recognize the tremendous value of experienced talent and the depth of experience mature workers bring to today's workplace.

And if you're not actively seeking employment but want to continue learning and staying engaged, we also provide access to training and upskilling platforms designed to help you build new skills, explore new interests, remain competitive, and support lifelong learning.

Your experience matters. Whether you're looking to work, learn, mentor others, or simply explore what's next, we're here to help you achieve your goals and continue making an impact.

Register today and discover the career, training, and learning opportunities available through VetJobs and Military Spouse Jobs at no cost.

Whether you're seeking a new career, exploring part-time or flexible work, expanding your skills, or simply considering what's next, it's never too late to begin a new journey.

We meet you where you are in your current lifestyle, helping you pursue opportunities that align with your goals, interests, schedule, and personal aspirations.
