BAE SYSTEMS

Looking for a Career in Electronics Systems?

If you're looking for a company known for taking bold steps to improve the future of our country, our employees, and our communities – you belong at **BAE Systems**. We believe in recognizing our people for their groundbreaking work, advancing a workplace where our employees feel valued, and providing flexible work schedules to support our employees.

We have four business sectors:

Electronic Systems (ES) produces commercial and defense electronics for flight and engine control, electronic warfare, surveillance, communications, geospatial intelligence, and power and energy management.
