GEORGIA TRANSPORTATION SUMMIT

Engineering in the Built Environment: College Student Meet & Greet

NOVEMBER 30, 2023

The Georgia Transportation Summit is co-hosted annually by the Georgia Department of Transportation and ACEC Georgia. Drawing more than 1,400 attendees, the Summit features transportation agency leaders, elected officials, and engineering industry professionals from around the state.

Students who are interested in exploring careers related to engineering in the built environment are invited to attend. Student attendees will participate in an opening information session about the event and have the opportunity to attend afternoon breakout sessions led by GDOT and meet with representatives from various engineering industry employers in the Exhibit Hall.
